Standard Cord Lock Shades

Applications
- Standard Rectangular
- Top Down - Bottom Up
- Two-On-One Head Rail

Things to Consider
- If child or pet safety is a concern, consider Cordless Ultra.
- Larger shades can be difficult to operate. Consider Cord Loop hardware.
- If privacy is an issue, consider Top Down-Bottom Up options.

Standard Hardware Color for all Prelude Shades
- Color coordinated head, middle and bottom rails with color coordinated cord and tassel.

Mounting
Inside Mount
Minimum Mounting Depth
- Standard Installation bracket 1¼"
- Swivel bracket ½"

Minimum Mounting Depth, flush mount
- Standard Installation bracket 2¼"
- Swivel bracket 2"
- End mount bracket 2"

Outside Mount
- Minimum flat vertical surface 1"

Ordering Information for Standard Cord Lock Shades

Standard Rectangular
- Specify IB or OB mount, and left or right lift cord.

Top Down - Bottom Up
- Specify IB or OB mount.
- Top Down - Bottom Up Shades are made with two operating cord locks, one on the left and one on the right side of shade. The right cord lowers the middle rail and left cord raises the bottom.
- Fabric insert is standard on Top Down - Bottom Up Shades. An extra two-cell fabric gasket attached to the top head rail and acts as a seal to eliminate light leakage between the head rail and middle rail when the shade is closed.

Two-On-One Head Rail
Two-On-One Head Rail Shades operate as two separate shades on one head rail.
- Specify IB or OB mount.
- Specify panel sizes.
- Maximum width in a single panel depends on fabric type. See page 2 for maximum single panel width.
- ¼” to maximum ½” space between panels.

Highlights Cornice Valance
Add a designer finishing touch to a cellular shade with a Highlights Cornice Valance. See page 8 for details.

Finished Dimensions
Inside Mount
- Fabric will measure ordered width less: ⅛”
- Head Rail* will measure ordered width less: ⅛”
- Length will measure ordered length.

Outside Mount
- Fabric will measure ordered width.
- Head Rail* will measure ordered width less: ⅛”
- Length will measure ordered length.

End Mount
- Fabric will measure ordered width less: ⅛”
- Head Rail* will measure ordered width less: ⅛”
- Length will measure ordered length.

* Head Rail Measurements include end caps. Width and length measurements may vary +/- ⅛".
Cord Loop Hardware System

Applications
• Standard Rectangular
• Top Down - Bottom Up
• Two-On-One Head Rail

Standard Hardware Color for all Prelude Shades
• Color coordinated head, middle and bottom rails with white cord and tensioner.

Ordering Information for Cord Loop Hardware Shades
Standard Rectangular
• Specify IB or OB mount, and left or right lift cord.
• Specify cord loop length when ordering.

Top Down - Bottom Up
• Specify IB or OB mount.
• Specify cord loop length when ordering.
• Controls are the right cord loop lowers the middle rail and left cord loop raises the bottom. Reverse controls are not available.

Two-On-One Head Rail
• Two-On-One Head Rail Shades operate as two separate shades on one head rail.
• Specify IB or OB mount.
• Specify panel sizes.
• Specify cord loop length when ordering.
• Maximum width in a single panel depends on fabric type. See page 2 for maximum single panel width.
• ¼” Space between panels.

Highlights Cornice Valance
Add a designer finishing touch to a cellular shade with a Highlights Cornice Valance. See page 8 for details.

Cord Loop Hardware System Features
Cord loops are available 18” to 10’ lengths. Please specify length when ordering. Standard loop sizes are as follows:

<table>
<thead>
<tr>
<th>Shade Length</th>
<th>Standard Loop</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 18”</td>
<td>18”</td>
</tr>
<tr>
<td>18” to 42”</td>
<td>2’ (24”)</td>
</tr>
<tr>
<td>42” ¾” to 54”</td>
<td>3’ (36”)</td>
</tr>
<tr>
<td>54” ¾” to 72”</td>
<td>4’ (48”)</td>
</tr>
<tr>
<td>72” ¾” to 90”</td>
<td>5’ (60”)</td>
</tr>
<tr>
<td>90” ¾” to 110”</td>
<td>6’ (72”)</td>
</tr>
<tr>
<td>110” ¾” and greater</td>
<td>8’ (96”)</td>
</tr>
</tbody>
</table>

Mounting
Inside Mount
• Minimum Mounting Depth ¾”
• Minimum Mounting Depth, flush mount 2½”
Outside Mount
• Minimum flat vertical surface 1½”

Finished Dimensions - Standard Rectangular and Top Down-Bottom Up
Inside Mount
• Fabric will measure ordered width less: ½”
• Head Rail* will measure ordered width less: ¼”
• Length will measure ordered length.
Inside mount with hold down brackets
• Fabric will measure ordered width less: ½”
• Head Rail* will measure ordered width less: ¼”
• Bottom Rail will measure ordered width less: ½”
• Length will measure ordered length.
Outside Mount
• Fabric will measure ordered width less: ¼”
• Head Rail* will measure ordered width.
• Length will measure ordered length.
End Mount
• Fabric will measure ordered width less: ½”
• Head Rail* will measure ordered width less: ¼”
• Length will measure ordered length.

Finished Dimensions - Two on One
Inside Mount
• Fabric will measure ordered width less: ½”
• Head Rail* will measure ordered width less: ¼”
• Length will measure ordered length.
Outside Mount
• Fabric will measure ordered width less: ¼”
• Head Rail* will measure ordered width.
• Length will measure ordered length.

* Head Rail Measurements include end caps.
Width and length measurements may vary +/- ⅛”.

Standard Bracket for Cord Loop and Cordless Ultra Shades
Cordless Ultra Hardware System

Applications
• Standard Rectangular
• Top Down - Bottom Up

Standard Hardware Colors for Prelude Shades
• Color coordinated head, middle and bottom rails.

Ordering Information for Cordless Ultra Hardware Shades
Standard Rectangular
• Specify IB or OB mount.

Top Down - Bottom Up
• Specify IB or OB mount.

Highlights Cornice Valance
Add a designer finishing touch to a cellular shade with a Highlights Cornice Valance. See page 8 for details.

Things to Consider
• Is the top of your window out of reach? You can order an extension pole to reach but it can still be tricky. You may want to consider Cord Loop hardware.
• For shades mounted on doors, you may want to order hold down brackets.
• If privacy is an issue, consider Top Down-Bottom Up options.

Accessories
• 6’ Expandable Pole: $37.00
• 12’ Expandable Pole: $46.00

Specially designed pole end fits into the handle on the bottom rail and allows for easy operation.

Mounting
Inside Mount
• Minimum Mounting Depth 3⁄4”
• Minimum Mounting Depth, flush mount 2 1/4”

Outside Mount
• Minimum flat vertical surface 1 1/2”

Finished Dimensions
Inside Mount
• Fabric will measure ordered width less: 3⁄8”
• Head Rail* will measure ordered width less: 1⁄4”
• Length will measure ordered length.

Inside Mount with Hold Down Brackets
• Fabric will measure ordered width less: 3⁄8”
• Head Rail* will measure ordered width less: 1⁄2”
• Bottom Rail will measure ordered width less: 1⁄2”
• Length will measure ordered length.

Outside Mount
• Fabric will measure ordered width less: 1⁄8”
• Head Rail* will measure ordered width.
• Length will measure ordered length.

End Mount
• Fabric will measure ordered width less: 3⁄8”
• Head Rail* will measure ordered width less: 1⁄2”
• Length will measure ordered length.

* Head Rail Measurements include end caps.
Width and length measurements may vary +/− 1⁄8”.

Standard Bracket for Cord Loop and Cordless Ultra Shades

Table of Contents
Highlights Cornice Valances
Elevate your windows to a whole new level of design with the Highlights Cornice Valance. Coordinate with other design elements in your room. Add a finishing touch to the top of any window treatment. The Highlights Cornice Valance is versatile and beautiful at a price point that won’t leave you wondering how to cover the rest of your windows!

Choose from any fabric in our Envision™ and PERSONA™ line and customize the valance with our 7 available return sizes to best fit your application.

Easy assembly and quick installation, with the Highlights Cornice Valance, more beautiful windows are within your reach.

Refer to your Envision and PERSONA price lists for pricing and specifications.

Cleaning and Care
While beautiful and pleasing to the eye, all Comfortex products are designed to be durable, easily cared for and easily cleaned. Our non-woven fabrics are inherently anti-static and repel dust, but occasional feather dusting or vacuuming may be necessary to keep the fabrics clean and bright. Comfortex Cellular fabrics may be ultrasonically cleaned.

DO NOT submerge the Cordless Ultra head rail in water. When damp, lay flat to dry or place back in window and raise tightly to re-crisp pleats. Please test any stronger cleaners on an unobtrusive portion of the shade before using.

For additional advice on care or cleaning, please contact our Technical Services Department.
Child Safety

Comfortex has a long history of designing new child-safety products and is proud to provide a leadership role in cooperating with the Consumer Product Safety Commission (CPSC) for the development of policies and guidelines for the industry by serving on the WCMA Standards Development Committee.

All Comfortex products have been fully tested and proven to comply with the current WCMA Standards for safety of corded window coverings.

Be aware that it is possible for children to become entangled in window covering cords. To reduce the risk of accidents, all cords must be kept out of the reach of children. A cord cleat or cord tensioner is an effective way to implement this essential precaution. Please use them.

To mount the cord cleat at a safe height, take into account furniture or other objects upon which a child may climb. Then, after the use of the blind, simply wrap the excess cord around the cleat.

Conditions of Sale

All Comfortex products are custom fabricated to your exact specifications. We cannot accept responsibility for errors in ordering or cancellations and charges after the order is in production.

Policies

Our policies are designed to provide a guide for doing business with Comfortex. Our first priority and number one policy is to provide the highest level of service and total satisfaction.

Freight

Comfortex will ship all orders for fabricated shades or blinds freight free via UPS, FedEx Ground or other similar method within the continental United States*.

A $3.75 per unit transportation surcharge will be added to all fabricated product orders, within the continental United States, including shades/blinds, vane packs, individual vanes, tracks, valance and cut yardage orders.

In addition, a $70.00 Common Carrier surcharge will be added for all orders shipped within the continental United States*, that include shades or blinds with widths of 98” or more and are required to ship by motor freight. Exception: Verticals with lengths of 84” or more, and Roman Shades with widths of 94” or more are required to ship by motor freight.

*Hawaii: Shipments to the Hawaiian island of Oahu will incur a freight charge of $80.00 per order, plus $3.75 per unit. All other Hawaiian islands will incur an $100.00 per order freight charge, plus $3.75 per unit.

**Hawaiian Common Carrier Surcharge: An $110.00 Common Carrier surcharge for oversized shipments will be added to orders shipping to Hawaii.

*Alaska: Shipments to Alaska will incur a $6.00 per unit transportation surcharge.

**Alaska Common Carrier Surcharge: An $110.00 Common Carrier surcharge for oversized shipments will be added to orders shipping to Alaska.

Canada: Shipments to Canadian dealers will incur a $3.75 per unit transportation surcharge. In addition, ground shipping charges will be invoiced on a monthly basis as a percentage of the shade order value, together with a $110.00 Common Carrier surcharge for oversized shipments. Ground Shipping charges are as follows: ($1.00 to $1,000 = 7%, $1,001 to $5,000 = 6%, $5,001 to $10,000 = 5%, and $10,001 or more = 4%).

Comfortex Mexico Plant: All shipments from our Mexico plant to Alaska, Hawaii or anywhere outside the Continental US will incur all freight charges (freight forwarder needed if shipping to another country).

Continued
Freight continued

All Other Countries: All United States dealers requesting to ship orders outside the United States must provide a freight forwarder for Comfortex to ship to within the continental United States. Comfortex cannot ship directly to your customers located outside the United States. Please Note: Comfortex reserves the right to select another carrier, modify shipping terms or change freight policies without notice.

Service and Repair
Service may be obtained by contacting our Customer Service Department. No products, parts, components or other materials will be authorized for return or repair without prior approval from Comfortex. A Return Authorization (RA) may be obtained by contacting our Technical Service Department. In order to provide the quickest service possible, please have your Comfortex Work Order number and original order information available when you call.

Specifications
All Comfortex products are designed and tested to perform as intended within established, published parameters. Requests for “custom fabrication” of products outside of our published specifications may be considered, but are at the discretion of the Comfortex Technical Services department. Restrictions and additional charges apply.

Download installation instructions, order forms or additional price list copies on the Comfortex OnDemand Library or www.comfortexdealers.com in the Dealers Resource Center.

Prelude Cellular Shades

Warranty Information
Comfortex warrants that its window treatments will be free from defects in materials and workmanship for as long as the original residential purchaser owns the product, provided that the product was installed properly and in accordance with the installation instructions. The limited lifetime warranty is extended to the original residential purchaser only, in the original window for which it was installed.

The warranty does not include any conditions or damages resulting from accidents, alterations, misuse, abuse, misapplication, improper handling, installation, repairs, operation, cleaning, exposure to any and all natural and manufactured excessive heat sources. (Excessive heat sources include, but not limited to; magnification of sun light through cubes of glass, heaters of any kind, ovens, candles, lighting fixtures, etc.) This warranty does not cover variation in fabric color, grain, or texture. Loss of pleating is not covered if the product is not being cycled (held in the raised position a portion of the time). Normal wear and tear is not covered.

All moving parts, such as cords, will eventually wear out and fabric may fray. Comfortex considers these things as normal wear and tear which will carry a three year limited warranty. All fabric, including fabric vanes, panels, inserts, and shades carry a five year warranty.

This limited warranty does not cover transportation costs to and from the retailer, costs of removal, re-measure, re-installation of product, or any incidental or consequential damages.

If a Comfortex product is found to be defective in materials or workmanship, we will, at our discretion, repair, replace or refund the cost of a product which fails to conform to this limited warranty. Colors vary from lot to lot and may not exactly match sample swatch, sample book, or previous purchases. Discontinued components or color selections will be replaced with the closest equivalent current product. This shall be your sole remedy under this limited warranty.

To obtain service, the end user should contact the dealer from whom they purchased the product.

This warranty is exclusive and in lieu of all other obligations, liabilities or warranties. In no event shall Comfortex or its licensed fabricators or distributors be liable for incidental or consequential damages, or for any other damage, loss or expense, cost or fee associated with such damage. In some states, exclusions for incidental or consequential damages are not allowable.

This warranty gives specific legal rights, and customers may also have other rights, which vary from state to state. Policy is subject to change without notice.

This limited warranty is exclusive of commercial use. Contact Comfortex Technical Service for more information. No agent, representative, dealer or unauthorized employee has the authority to increase or alter the obligation of this warranty.

This limited warranty supersedes any previous versions.

**Cord Loop Length**

Cord loops are available 18" to 10' lengths. Please specify length when ordering. See Prelude Price List and Reference Guide for standard cord loop lengths.

### Shipping Charges

Comfortex will ship all orders for fabricated shades freight free via UPS, FedEx Ground or other similar method within the continental United States. Shades with widths of 98" or more do not meet the size and weight requirements of UPS or FedEx Ground and are required to ship by motor freight. A Common Carrier surcharge will be added for all orders shipped within the continental United States which required to ship by motor freight. A per unit transportation surcharge will be added to all orders. See freight policy at www.comfortexdealers.com for more details and for freight policy for Hawaii and Alaska.
