

To All Valued Royal Windows Customers:

July 26, 2019

As you are aware, the U.S. Government had previously announced earlier this year a 15% tariff on some components that apply to the Window Treatment industry.

Metal based components, motorization, bracketing, springs and some fabrics were on this list and have been impacted by this tariff.

Therefore, unfortunately, Royal Windows must announce a price increase on one program:

- 1. Effective August 1, 2019 – All Royal Windows made Roller Shades will Increase 10% and Royal Windows will absorb 5%.**

We understand the difficulty that tariff's present to us, and we will try to minimize any direct affect it has on our products.
